The History

Frontier Hall opened in 2011 in the midst of the boom. It was a critical time for housing at WSC. Dickson Hall had health and safety concerns and was taken offline after Frontier opened and was demolished in 2013.

Building in the height of the boom was expensive and now that housing prices have dropped, apartments in town are less expensive than a room in Frontier Hall.

Occupancy rates have fallen but your gift can turn that around by lowering room rates for all regional students.

Community support for the student experience

The Foundation is committed to this project. A naming opportunity donation of \$50,000 will be matched by the WSCF with \$25,000 in scholarships and \$25,000 in unrestricted dollars.

Gift can be pledged over a 3-year period.
